1	Best Friends: they know how crazy you are but still choose to be seen in public with you								
2	Life Status: currently holding it all together with one bobby pin								
3	It's all fun & games until your jeans don't fit any more								
4	I think my guardian angel drinks								
5	I always carry a knife in my purse just in case we're having cake								
6	My body is a temple, ancient, crumbling, probably cursed, filled with unspeakable horror								
7	It's a beautiful day I think I'll skip my meds and stir things up a bit								
8	I don't care about my prince charming where are the forest animals that clean								
9	You and I are more than friends we're like a really small gang								
10	Good friends don't let you do stupid things alone								
11	So you mean to tell me a stress ball isn't for throwing at people who stress me out								
12	Lead me not into temptation, oh who am I kidding follow me I know a shortcut								
13	The chains on my mood swing just snapped, run								
14	Some days I amaze myself other days I put my keys in the fridge								
15	They said do what you love and the money will follow, so I ate chocolate cake, now I wait								
16	They say the best things take time that's why I'm always late								
17	I am physically mentally & emotionally ready to enter a new phase in my life, hibernation								
18	Work again? Really? didn't I do that yesterday								
19	Best friends don't care if your house is clean they care if you have wine								
20	Whatever makes your soul happy, do that
